

To Whom It May Concern:

It is my pleasure to write this letter about Jill Prosser.

Jill came to me an enlightened, thinking Pilates instructor searching for more definition in her Pilates instruction. From the beginning she was an eager student, open to learning, questioning information she had learned during her previous Pilates training and the new information she was quickly integrating in the STOTT PILATES training program.

Jill's determination and meeting her goal of becoming certified became a reality when she sat for her exam in June of 2006. Her scores were some of the highest that I've awarded and they reflected her depth of knowledge and teaching skills. I am, by nature a task master and do not give high scores unless someone impresses me. Needless to say, Jill did.

I have no problems recommending clients to Jill Prosser and if she were closer to me I would hire her to work in my studio.

With highest regards,
